John and Francesca Vera Community Leadership Scholarship

The John & Francesca Vera Community Leadership Scholarship was established by John and Francesca Vera to support students of Hispanic/Latino descent who have an interest in community leadership.

Scholarships are offered through the Community Foundation of San Joaquin: www.cfosj.org

I want to take this time to share how appreciative I am of this scholarship. Because of your donation, college is now a possibility. Your donation is not mandatory but the fact that you donate to students like me means everything. I will go into college more confident about my financial situations ad I promise to make the most of my college years and do everything it takes to be successful and not let my scholarship money be used in vain. I can't express my gratitude enough but I hope you can see how very thankful I am.
I am beyond grateful to have received this scholarship award. This scholarship will make it possible for me to attend my dream school, UCLA. While at UCLA, I plan to major in business economics in order to become a financial manager and spread knowledge. It is because of your generosity that I will be able to embark on my educational journey. It is scholarships like this and the generosity of people like yourself that make me determined to create a scholarship fund of my own in the future to share the gift of kindness and hope just as I received.

Thank you!
